

Middle School Coming to BC, Fall of 2009

Blessed Assurance! Now that God has given us a new long term lease, and a new football field and plans to build our own basketball and volleyball gymnasium on campus, we are ready to establish another first, **Brethren Christian Middle School**. In the fall of 2009 BC will offer a high quality educational experience designed for 6th through 8th grade students who are high achievers in academics, the arts, or athletics.

Located on the same campus with Brethren Christian High School, our middle school Warriors will enjoy full semester electives in our award-winning art, band, drama, choir, computer and woodshop programs; choose team sports such as football, basketball, volleyball, soccer, softball, baseball, and track; be challenged academically with optional advanced courses* in algebra, geometry and foreign languages, and participate in student government, community service and weekly chapel.

Tucked away in a safe, residential neighborhood in Huntington Beach and less than 15 minutes from most of Orange County, the spacious campus has always been known for its friendly and welcoming atmosphere. The school community shares the love of Jesus Christ in a warm and protective environment. Godly teachers who are experts in their field will nurture and guide these young students as they mature into responsible, young people, prepared for high school, college and life.

And this is nothing new! For more than 60 years Brethren Christian has partnered with Christian parents to raise their children in the discipline and instruction of our Lord Jesus Christ. And now BC's new middle school will offer a unique opportunity for younger students to be strengthened and prepared to stand for the Truth.

So, if you know of a student that might benefit from BC's new middle school please call me at 714.962.6617 x24 for a campus tour or more information. You can also contact me by email: rniswonger@bchs.net. Applications are available by visiting www.bchs.net and clicking on "Prospective Parents." Need-based scholarships are also available.

In His service,

Rick Niswonger

*Enrollment in advanced courses requires placement testing.

To be admitted the student and at least one parent must be born-again Christians who regularly attend church. Student must have scored in the 60th percentile or above in Total Reading and Total Mathematics sections on the most recent achievement testing. Scores below the 60th percentile may require further testing.

Brethren Christian welcomes all applicants regardless of race, color, national origin, ancestry, or sex who have a personal commitment to faith in Christ and desire a high quality Christian education. Applicants must be prepared spiritually, academically, socially, physically and linguistically to meet the requirements of Brethren Christian's well-defined, English-medium, college preparatory, Christian, educational program.
